MESSAGES FROM THE GOVERNOR

The Honorable Daniel Kemmis
Speaker of the House
State Capitol
Helena, Montana 59620

March 30, 1983

The Honorable Stan Stephens
President of the Senate
State Capitol
Helena, Montana 59620

Dear Representative Kemmis and Senator Stephens:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby return House Bill No. 712, "AN ACT REVISING AND CLARIFYING THE DEFINITION OF MONTHLY COMPENSATION FOR A PART-PAID FIREFIGHTER EMPLOYED BY A SECOND-CLASS CITY FOR THE PURPOSE OF CALCULATING BENEFITS UNDER THE FIREFIGHTERS' UNIFIED RETIREMENT ACT; AMENDING SECTION 19-13-104, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE," without my signature and recommend the attached amendments for the following reasons.

As passed, House Bill No. 712 provides that the mandatory retirement contribution for a part-paid firefighter in a second-class city is based upon 15 percent of a full-paid firefighter's salary in "the city that last employed the part-paid firefighter." This language overlooks the part-paid firefighter who has not worked for another city. Also, a first-class city normally pays higher salaries. If a part-paid firefighter previously worked for a first-class city, the above-quoted language could be interpreted to raise that part-paid firefighters' mandatory monthly contribution, in many instances to a sum higher than his monthly salary.

The history of House Bill No. 712 indicates that the purpose of the Legislature was to lower the contribution of these part-paid firefighters, some of whom are already making retirement contributions in excess of their salary.

The amendments I am proposing would clarify that the retirement contribution of part-paid firefighters in a second-class city is based upon 15 percent of the salary of full-paid firefighters in that same city, or, if that city does not employ full-paid firefighters, 15 percent of the average full-paid salary in all second-class cities that do hire full-paid firefighters.

I urge your concurrence in these amendments.

MESSAGES FROM THE GOVERNOR

The Honorable Dan Kemmis
Speaker of the House
State Capitol
Helena, Montana 59620

April 2, 1983

Dear Mr. Speaker:

This is to inform you that I have signed the following bills this date:

House bills 96, 420, 459, 467, 513, 542, 651, 671, 687, 699, and 822.

Sincerely,

Ted Schwinden
Governor

The Honorable Stan Stephens

April 2, 1983

President of the Senate
State Capitol
Helena, Montana 59620

The Honorable Daniel Kemmis
Speaker of the House
State Capitol
Helena, Montana 59620

Dear Senator Stephens and Representative Kemmis:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby return Senate Bill No. 298, "AN ACT REVISING THE DETERMINATION OF DISTANCE LIMITATIONS FOR THE ISSUANCE OF A LIQUOR LICENSE; EXCEPTING LICENSES ALREADY ISSUED; AMENDING SECTIONS 16-1-106, 16-4-105, 16-4-201, AND 16-4-501, MCA; AND REPEALING SECTIONS 16-4-409 AND 16-4-410, MCA," without my signature and recommend the attached amendments for the following reasons.

The alcoholic beverage license laws provide a quota for licenses issued for establishments inside or within five miles of incorporated cities and towns. Senate Bill No. 298 revises the method of determining the five mile distance from road distance to distance as the crow flies.

To protect license holders who obtained licenses under the present system, Section 6 provides that Senate Bill No. 298 "does not affect a license issued prior to October 1, 1983." However, the straight-line method would include as municipal licenses all establishments included under the road distance method. Section 6 is therefore unnecessary to protect these persons.

Section 6 could be read, however, to exclude from the municipality, establishments that are not within five miles by the road distance method but are within five miles by the straight-line method. Also, present county licenses could in the future come within the five mile limit if the municipal boundaries change. Section 6 could be interpreted to require these licenses to remain county licenses. According to Senator Towe, the chief sponsor, the Legislature intended neither of these results.

At the request of Senator Towe, I am proposing to delete Section 6. I urge your concurrence in this amendment.

Governor's Proposed Amendments
to SB 298

Strike: section 6 in its entirety

Ted Schwinden
Governor

The Honorable Daniel Kemmis
Speaker of the House

State Capitol
Helena, Montana 59620

Dear Senator Stephens and Representative Kemmis:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby return House Bill No. 629, "AN ACT TO DEFINE THE TERM 'GENERAL ELECTION' FOR THE PURPOSE OF SUBMISSION TO THE PEOPLE OF LAWS OR CONSTITUTIONAL AMENDMENTS BY THE LEGISLATURE; AMENDING SECTIONS 13-1-101 AND 13-1-104, MCA" without my signature and recommend the attached amendments for the following reasons.

Article III, Section 6 of the Montana Constitution provides that initiatives and referendums must be voted on at a general election unless the legislature orders a special election. Article XIV, Section 8 provides that referendums on Constitutional amendments can be submitted to the people at a general election only.

As passed, House Bill No. 629 defines a general election for initiatives, referendums, and Constitutional referendums as an election held on the first Tuesday after the first Monday in November "unless an earlier date is provided in the law authorizing the ballot issue." This language could be interpreted to authorize a referendum on a Constitutional amendment earlier than the November general election. Such an election would be prohibited by Article XIV, Section 8.

The amendment I am proposing would clarify that only initiative and non-Constitutional referendum ballot issues may be submitted to the voters before the general election.

I urge your concurrence in this amendment.

Committee attached the following statement of intent:

Statement of Intent
 HB 925

A statement of intent is required for House Bill No. 925 because it authorizes the Department of Revenue to adopt rules to implement the appraisal and taxation of railroad property at the local level as opposed to such property being centrally assessed.

The Legislature contemplates that the rules should address the following, among other things:

(1) guidelines, where necessary, for the appraisal of various classes of railroad property by the Department that establish the rules for treating railroad property in the same manner as other property in the same class. Whenever necessary, such guidelines should specify the manner in which market value for purposes of taxation is to be determined. The Legislature

contemplates that such guidelines would adopt the same manner of arriving at market value for railroad property that is used for the entire class of property in which the railroad property is placed. The Legislature further contemplates that the rules would, to the extent possible, provide for the utilization of reports available from the federal government that arrive at market value for the property.

(2) apportionment of the value of railroad rolling stock among counties based on operable track in a county and the annual usage of that track by railroads. While the Legislature recognizes that apportionment of the value of railroad rolling stock among counties is somewhat different than the "normal" system used for personal property taxation, the Legislature has provided for such apportionment because it believes that to do otherwise would require burdensome reports by railroads of their migratory personal property.

Adverse Committee Reports

JUDICIARY (D. Brown, Chairman):

4/5/83

HB 540, Senate amendments, be not concurred in.

HB 825, Senate amendments, be not concurred in.

Dear Mr. Speaker:

The House Judiciary Committee, in executive action held on April 5, 1983, voted to recommend to the House Committee of the Whole that it not concur with the Senate amendments to House Bill 825 and that a conference committee on the amendments be convened.

The House Judiciary Committee recommends nonconcurrence because of one issue that was raised during its meeting on the bill. That issue is the question of availability of a jury trial in a proceeding for a preliminary condemnation order. It is the intention of the House Judiciary Committee that the conference committee act on this issue only, and that it act on this issue by clarifying that a jury trial is not available in the preliminary condemnation proceedings.

MESSAGES FROM THE GOVERNOR

The Honorable Stan Stephens

April 5, 1983

President of the Senate
State Capitol
Helena, Montana 59620

The Honorable Daniel Kemmis
Speaker of the House
State Capitol
Helena, Montana 59620

Dear Senator Stephens and Representative Kemmis:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby return Senate Bill No. 342, "AN ACT TO CHANGE THE DATE FOR FILING A REPORT FOR GAS OR OIL PIPELINES AND GAS OR OIL NET PROCEEDS FOR TAX PURPOSES FROM MARCH 31 TO APRIL 15; AMENDING SECTIONS 15-23-103, 15-23-104, AND 15-23-602; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND AN APPLICABILITY DATE," for the following reasons.

Senate Bill No. 342, as passed by the Legislature, contains inconsistent provisions concerning the due date for oil and gas net proceeds returns. In Section 1 of the bill, oil and gas net proceeds returns are included in those returns to be filed with the Department of Revenue by March 31. In Section 2, the due date for these returns is set at April 15.

The amendments I am proposing will resolve this inconsistency by clearly setting April 15 as the due date for these returns and by clearly providing that this due date applies to all reports or returns filed after December 31, 1982.

I urge your concurrence in this amendment.

The Honorable Daniel Kemmis
Speaker of the House
State Capitol
Helena, Montana 59620

Dear Senator Stephens and Representative Kemmis:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby return House Bill No. 426, "AN ACT TO IMPLEMENT ARTICLE XI, SECTION 9(2), OF THE MONTANA CONSTITUTION BY PROVIDING FOR ELECTIONS ON THE QUESTION OF REVIEW OF LOCAL GOVERNMENT AND PROCEDURES FOR THE ESTABLISHMENT AND FUNCTIONING OF LOCAL GOVERNMENT STUDY COMMISSIONS AND FOR THE IMPLEMENTATION OF THEIR RECOMMENDATIONS; AMENDING SECTIONS 7-3-143 AND 7-3-151, MCA," for the following reasons.

As passed, Section 8 of House Bill No. 426 provides that the terms of local government study commissioners end on the day of the vote on the alternative plan. However, Sections 17 and 19 provide that the commission may in its discretion recommend no alternative form of government. If no alternative is recommended, no vote is taken. Section 8, therefore, would allow the commission to continue indefinitely.

The amendment I am proposing would provide that, if a commission recommends no alternative, the commission terminates 30 days after the commission submits its final report.

I urge your concurrence in this amendment.

SPECIAL ORDERS OF THE DAY

The Honorable Ron Marlenee, U.S. Congressman from the Eastern District gave the following address for the members of the House:

I appreciate the courtesy of a few minutes of your time. Because of the mutual endeavor we are committed to, I believe we have an obligation to listen carefully to each other. We are entrusted with a huge responsibility, representing a beautiful and wealthy state and representing a unique and independent people.

Everything you do affects their lives. Everything I do affects them. What you do and I do impacts each other.

Let us examine water and our relationship.

My role is to make absolutely certain that you have the opportunity to write the kind of water law that you as the people's voice want to write. This I did in the Coal Slurry Bill that just passed out of the Interior Committee, of which I am a ranking member. My amendment simply says to the Slurry Company, show me your water permit and then I grant you eminent domain. Your role is to make certain that water is not squandered.

Transportation. Mutually we must forge a chain of restraints against the new robber-barons. When the I.C.C. decided to rollover and play dead it marked the day that we were both obligated to make certain that our economy and our people are not hostages to monopolies of transportation.

The I.C.C. must be forced to address the captive shipper problem we face. I solicit a resolution from you.

We must carefully examine and promote alternatives so that competition can be fairly treated and not threatened. We are at a brink of war with those who would practice corporate terrorism by branch line abandonment and exorbitant shipping costs.

The working relationship between this Republican and members of both parties in this body has only begun.

The efforts by Senator Tveit to pass a resolution supporting my efforts to keep the Ag Research Station at Sidney open, was appreciated. I was able to personally hand the Secretary of Agriculture your message.

I appreciated the opportunity to testify on Senator Swede Hammond's bill on solid waste. Although I could not be here personally, I sent a member of my staff.

Public lands and asset management. We have a unique opportunity to examine the detail of every proposed sale. I oppose the sale of land in the scope and vastness proposed. Not all transactions would be sales, some

would be trades. We must look carefully at each one. Some of the land is in your districts, I invite you to examine carefully these parcels and get back to me with your thoughts.

The maps are now available with the Forest Service and BLM and if I can help you I will also provide any maps you may need if you request them from my office.

Economy - we have 3.4 percent inflation, interest rates are down. The Index is at 3.6, the highest in 33 years. Housing is up 3% - 93% over last February. We passed the Jobs Training Bill in 1982, and again in 1983 the Jobs Bill, both of which I supported. This will provide up-front money for those who need it the most.

In conclusion, let me say that I have held office for 7 years now. Nearly every day of those 7 years has entailed representing Montana people.

I think you Legislators are doing a tremendous job in the three months or so that you meet. I think you as legislators could utilize the vast resources that we have available, especially now with the Republican leadership. I offer my office to both sides of the aisle.

SECOND READING OF BILLS (COMMITTEE OF THE WHOLE)

"Major Expansion, Prison \$14,416,400

(1) The goal of the legislature in providing for major expansion of the Montana state prison is to provide housing for 737 prisoners within the security compound at the prison while achieving the following objectives:

(a) Inmate housing should be separated into at least three levels of security. The separation should be pursued to the maximum possible extent to prevent communication by personal contact, sight, and sound among the separate areas of the prison. Staff interaction among these security levels should also be minimized to enhance the separation. The legislature regards the separation of maximum security prisoners to be an especially important objective.

(b) Perimeter security should be improved with the objective of minimizing the prisoners' ability to breach the perimeter. The legislature intends that the fence lines should be straight and provided with adequate guard towers and stations to provide full visual coverage of the entire perimeter on both sides of the fence.

(c) Interior security is to be improved by designs allowing supervision and movement of small, manageable groups of inmates without threat to staff.

(d) The expansion should be designed to be compatible with prisoner work and rehabilitation activities to the extent possible.

(e) The expansion should allow space to build housing for an ultimate total population of 1,150 prisoners within the compound without changes in perimeter security facilities or support facilities.

(2) (a) There is a prison expansion oversight committee that consists of four members. The speaker and minority leader of the house shall each appoint one member of the house, and the president and the minority leader of the senate shall each appoint one member of the senate.

(b) The prison expansion oversight committee shall consult regularly with and advise those persons responsible for implementing and planning the major expansion of Montana state prison. The committee shall participate in the preliminary screening and recommendation of an architect to perform design work. The committee shall monitor the development of plans and advise the planners as to whether plans meet the goals and objectives of the legislature

outlined above. The committee shall file a report with the 49th legislature on its activities, including any analysis or recommendations it may have.

(c) The appropriation for major expansion of Montana state prison contains sufficient funds to reimburse committee members as provided in 5-2-302 while engaged in authorized committee business.

The Honorable Stan Stephens
President of the Senate
State Capitol
Helena, Montana 59620

April 13, 1983

The Honorable Daniel Kemmis
Speaker of the House
State Capitol
Helena, Montana 59620

Dear Senator Stephens and Representative Kemmis:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby return House Bill No. 83, "AN ACT TO AMEND SECTION 13-1-106, MCA, TO REQUIRE THAT ELECTION POLLS OPEN AT 7 A.M." and recommend the attached amendment for the following reasons.

Current law provides that polls in polling places having 100 or more registered electors open at 8:00 a.m. and polls in polling places with fewer than 100 registered electors open at noon.

As introduced, House Bill No. 83 changed the 8:00 a.m. opening time to 7:00 a.m. It did not change the elector limit for noon opening. The bill,

however, was amended after the introduction to raise that limit to fewer than 200 electors. The title of the bill was not amended to reflect this change.

The amendment I am proposing changes the title to reflect the content of the bill as passed.

I urge your concurrence in this amendment.

Governor's Proposed Amendments
to HB 83

1. Title, line 7.

Following: "POLLS"

Insert: "IN POLLING PLACES HAVING FEWER THAN 200
REGISTERED ELECTORS"

Sincerely,

Ted Schwinden
Governor

The department shall enter into an agreement with the Maureen and Mike Mansfield Foundation pursuant to which the department shall agree to pay the funds appropriated by this section to the foundation upon the receipt of at least \$6 million by the foundation from other sources. The funds appropriated by this section must be used exclusively for the construction of the Mansfield Center for Pacific Affairs at Polson, Montana. By this appropriation, the 48th Legislature indicates that it has determined that the state's support of the erection of a memorial through the establishment of the Mansfield Center for Pacific Affairs at Polson is a lawful public purpose of statewide importance in that it will serve to inspire sentiments of respect for a man of great stature and importance to the state, will generate important economic development of the state by direct employment, attraction of visitors, and establishment of expanded trade opportunities.

If the cost of the deficiencies would preclude reasonable restoration and refurbishing efforts, the director of the Department of Administration may grant an order to proceed with demolition on condition that:

(a) a successful contractor or bidder agrees to demolish or remove the building and reclaim the building site based on the salvage value of the building itself; and

(b) the demolition or removal of the building does not violate the provisions of the State Antiquities Act relative to established heritage properties under state ownership.

MESSAGES FROM THE GOVERNOR

The Honorable Stan Stephens
President of the Senate
State Capitol
Helena, Montana 59620

April 14, 1983

The Honorable Daniel Kemmis
Speaker of the House
State Capitol
Helena, Montana 59620

Dear Senator Stephens and Representative Kemmis:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby return Senate Bill No. 418 "AN ACT TRANSFERRING THE END-STATE RENAL DISEASE PROGRAM TO THE DEPARTMENT OF HEALTH AND ENVIRONMENTAL SCIENCES; REPEALING ADMINISTRATIVE RULES OF THE DEPARTMENT OF SOCIAL AND REHABILITATION SERVICES IMPLEMENTING THE CHRONIC OR END-STAGE RENAL DISEASE TREATMENT PROGRAM; CLARIFYING EXISTING RULEMAKING AUTHORITY FOR THOSE RULES; AND ADOPTING NEW RULES GOVERNING THE END-STAGE RENAL DISEASE PROGRAM UNTIL SUCH TIME AS RULES ARE ADOPTED BY THE DEPARTMENT; AMENDING SECTION 53-6-202, MCA; PROVIDING A TERMINATION DATE; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE," without my signature and recommend the attached amendment for the following reasons.

As passed, Section 3 of Senate Bill No. 418 requires the Department of Health and Environmental Sciences to determine financial need according to the economic need test set forth in "subchapter 4" of the rules of the Department of Social and Rehabilitation Services. SRS, however, has more than one subchapter 4 in its rules.

The amendment I am proposing clarifies which "subchapter 4" the Department of Health and Environmental Sciences is to follow in determining financial need.

I urge your concurrence in this amendment.

The Honorable Stan Stephens
President of the Senate

April 14, 1983

The Honorable Daniel Kemmis
Speaker of the House
State Capitol
Helena, Montana 59620

Dear Senator Stephens and Representative Kemmis:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby return Senate Bill No. 426, "AN ACT TO REQUIRE STATE AND LOCAL GOVERNMENT AGENCIES TO COMPLY WITH CONDITIONS AND LIMITATIONS CONTAINED IN APPROPRIATION BILLS; AND PROVIDING AN EFFECTIVE DATE," without my signature and recommend the attached amendments for the following reasons.

As passed, Section 1 of Senate Bill No. 426 effectively authorizes an appropriation act to supersede any Montana law. The net effect of this bill is to create a "super-statute" that not only establishes appropriation levels but also amends substantive law. Article V, Section 11(4) of the Montana Constitution requires that a general appropriation bill contain only appropriations; the amendments I am proposing bring Senate Bill No. 426 into compliance with this constitutional provision.

By replacing the word "bill" with "act" throughout Senate Bill No. 426, it will be clear that a state or local agency must comply with a law rather than a legislative proposal. Second, the language "Notwithstanding any other conflicting condition or limitation" (page 1, line 21 of the Reference Bill), implies that the appropriation act supersedes other conflicting statutory conditions or limitations. The amendment I am proposing removes this implication. The other amendments make it clear that the "conditions" and "limitations" referred to are those contained in an appropriation act.

Finally, the last amendment makes it clear that a condition or limitation contained in an appropriation act only governs the administration and expenditure of the appropriation and in no way can be construed to amend any other statute.

I urge your concurrence in these amendments.

MESSAGES FROM THE GOVERNOR

The Honorable Stan Stephens
President of the Senate
State Capitol
Helena, Montana 59620

April 15, 1983

The Honorable Daniel Kemmis
Speaker of the House
State Capitol
Helena, Montana 59620

Dear Senator Stephens and Representative Kemmis:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby return House Bill No. 228 "AN ACT PROMOTING CONSISTENCY AND CONTINUITY IN THE ADOPTION AND APPLICATION OF ENVIRONMENTAL RULES AFTER AN APPLICATION FOR AN ENVIRONMENTAL PERMIT HAS BEEN COMPLETED; AMENDING SECTION 90-1-101, MCA", without my signature and recommend the attached amendments for the following reasons.

Section 90-1-101, MCA, declares a general policy of the state to promote economic development. House Bill No. 228 amends that statute by adding a policy that persons who have completed an application for an environmental permit and made financial commitments are entitled to a reasonable expectation that the requirements for obtaining the permit will not be changed. These policies guide state agencies in administering the programs established by the Legislature.

However, the last sentence in section 1(2) of the bill could be read to establish a test for amending rules after a permit application. Such a test

would be inappropriate for a general policy section, which cannot amend express statutory requirements.

The amendment I am proposing would clarify that this policy statute does not amend express requirements of permitting statutes.

I urge your concurrence in this amendment.

Governor's Proposed Amendments
to HB 228

1. Page 2, line 21 through page 3, line 2.

Following: "THEREFORE," on line 21, page 2

Strike: remainder of line 21 through line 2, page 3

Insert: "when a person makes a financial commitment after having completed an application for an environmental permit, it is the policy of the state not to change the requirements for such permit to the detriment of the applicant or permittee without having first taken into account and given consideration to previous expenditures made by the applicant or permittee."

Sincerely,

Ted Schwinden
Governor

The Honorable Stan Stephens
President of the Senate
State Capitol
Helena, Montana 59620

April 15, 1983

The Honorable Daniel Kemmis
Speaker of the House
State Capitol
Helena, Montana 59620

Dear Senator Stephens and Representative Kemmis:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby return House Bill No. 721, "AN ACT TO CREATE A MONTANA HEALTH FACILITY AUTHORITY WITH POWER TO LEND MONEY TO HEALTH INSTITUTIONS TO CONSTRUCT OR RENOVATE HEALTH FACILITIES; AND EMPOWERING THE AUTHORITY TO ISSUE BONDS TO FINANCE ITS PROJECTS; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE," without my signature and recommend the attached amendments for the following reasons.

As passed, Section 16(1)(B) of House Bill No. 721, prevents the financing of any health facility unless the facility has been reviewed and approved by the "appropriate regional and state health planning boards". The quoted language, however, is too narrow since the Certificate of Need law (Title 50, Chapter 5, Part 3, MCA) requires approval of a department as well - specifically, the Department of Health and Environmental Sciences.

The amendment I am proposing clarifies that health planning approval must be obtained from the Department if required by the Certificate of Need law, before the health facility may qualify for financing.

I urge your concurrence in these amendments.

Governor's Proposed Amendments
to HB 721

1. Page 19, line 6.

Following: "boards"

Insert: "and has received any approval required by Title 50, chapter 5, part 3"

Sincerely,

Ted Schwinden
Governor

"20-9-331. Basic county tax and other revenues for county equalization of the elementary district foundation program. (1) It shall be the duty of the county commissioners of each county to levy an annual basic tax of 25 mills on the dollars of the taxable value of all taxable property within the county for the purposes of local and state foundation program support. The revenue to be collected from this levy shall be apportioned to the support of the foundation programs of the elementary school districts in the county and to the earmarked revenue fund, state equalization aid account, in the following manner:

(a) In order to determine the amount of revenue raised by this levy which is retained by the county, the sum of the estimated revenues identified in subsections (2)(a) through (2)(f) below shall be subtracted from the sum of the county elementary transportation obligation and the total of the foundation programs of all elementary districts of the county.

(b) If the basic levy of 25 mills produces more revenue than is required to finance the difference determined above, the county commissioners shall order the county treasurer to remit the surplus funds to the state treasurer for deposit to the earmarked revenue fund, state equalization aid account, not later than June 1 of the fiscal year for which the levy has been set.

(2) The proceeds realized from the county's portion of the levy prescribed by this section and the revenues from the following sources shall be used for the equalization of the elementary district foundation programs of the county as prescribed in 20-9-334, and a

separate accounting shall be kept of such proceeds and revenues by the county treasurer in accordance with 20-9-212(1):

(a) the portion of the federal forest reserve funds distributed to a county and designated for the common school fund under the provisions of 17-3-213;

(b) the portion of the federal Taylor Grazing Act funds distributed to a county and designated for the common school fund under the provisions of 17-3-222;

(c) the portion of the federal flood control act funds distributed to a county and designated for expenditure for the benefit of the county common schools under the provisions of 17-3-232;

(d) all moneys which are paid into the county treasury as a result of fines for violations of law and the use of which is not otherwise specified by law;

(e) any money remaining at the end of the immediately preceding school fiscal year in the county treasurer's account for the various sources of revenue established or referred to in this section; and

(f) any federal or state moneys, including anticipated motor vehicle fees and reimbursement under the provisions of 61-3-352 and 61-3-536, distributed to the county as payment in lieu of the property taxation established by the county levy required by this section."

Section 3. Section 20-9-333, MCA, is amended to read:

"20-9-333. Basic special levy and other revenues for county equalization of high school district foundation program. (1) It shall be the duty of the county commissioners of each county to levy an annual basic special tax for high schools of 15 mills on the dollar of the taxable value of all taxable property within the county for the purposes of local and state foundation program support. The revenue to be collected from this levy shall be apportioned to the support of the foundation programs of high school districts in the county and to the earmarked revenue fund, state equalization aid account, in the following manner:

(a) In order to determine the amount of revenue raised by this levy which is retained by the county, the estimated revenues identified in subsections (2)(a) and (2)(b) below shall be subtracted from the sum of the county's high school tuition obligation and the total of the foundation programs of all high school districts of the county.

(b) If the basic levy for 15 mills produces more revenue than is required to finance the difference determined above, the county commissioners shall order the county treasurer to remit the surplus to the state treasurer for deposit to the earmarked revenue fund, state equalization aid account, not later than June 1 of the fiscal year for which the levy has been set.

(2) The proceeds realized from the county's portion of the levy prescribed in this section and the revenues from the following sources shall be used for the equalization of the high school district foundation programs of the county as prescribed in 20-9-334, and a separate accounting shall be kept of these proceeds by the county treasurer in accordance with 20-9-212(1):

(a) any money remaining at the end of the immediately preceding school fiscal year in the county treasurer's account for deposit of the proceeds from the levy established in this section; and

(b) any federal or state moneys, including anticipated motor vehicle fees and reimbursement under the provisions of 61-3-352 and 61-3-536, distributed to the county as a payment in lieu of the property taxation established by the county levy required by this section."

Section 4. Section 20-9-352, MCA, is amended to read:

"20-9-352. Permissive amount and permissive levy. (1) Whenever the trustees of any district shall deem it necessary to adopt a general fund budget in excess of the foundation program amount but not in excess of the maximum general fund budget amount for such district as established by the schedules in 20-9-316 through 20-9-321, the trustees shall adopt a resolution stating the reasons and purposes for exceeding the foundation program amount. Such excess above the foundation program amount shall be known as the "permissive amount", and it shall be financed by a levy on the taxable value of all taxable property within the district as prescribed in 20-9-141, supplemented with any biennial appropriation by the legislature for this purpose.

(2) The district levies to be set for the purpose of funding the permissive amount are determined as follows:

(a) For each elementary school district, the county commissioners shall annually set a levy not exceeding 9 mills on all the taxable property in the district for the purpose of funding the permissive amount of the district. The permissive levy in mills shall be obtained by multiplying the ratio of the permissive amount to the maximum permissive amount by 9 or by using the number of mills which would fund the permissive amount, whichever is less. If the amount of revenue raised by this levy, plus anticipated motor vehicle fees and reimbursement under the provisions of 61-3-352 and 61-3-536, is not sufficient to fund the permissive amount in full, the amount of the deficiency shall be paid to the district from the earmarked revenue fund according to the provisions of 20-9-351 and subsection (3) of this section.

(b) For each high school district, the county commissioners shall annually set a levy not exceeding 6 mills on all taxable property in the district for the purpose of funding the permissive amount of the district. The permissive levy in mills shall be obtained by multiplying the ratio of the permissive levy to the maximum permissive amount by 6 or by using the number of mills which would fund the permissive amount, whichever is less. If the amount of revenue raised by this levy, plus anticipated motor vehicle fees and reimbursement under the provisions of 61-3-352 and 61-3-536, is not sufficient to fund the permissive amount in full, the amount of the deficiency shall be paid to the district from the earmarked revenue fund according to the provisions of 20-9-351 and subsection (3) of this section. The superintendent of public instruction shall, if the appropriation by the legislature for the permissive account [program] for the biennium is insufficient, request the budget director to submit a request for a supplemental appropriation in the second year of the biennium.

(3) Such distribution shall be made in two payments. The first payment shall be made at the same time as the first distribution of state equalization aid is made after January 1 of the fiscal year. The second payment shall be made at the same time as the last payment of state equalization aid is made for the fiscal year. If the appropriation is not sufficient to finance the deficiencies of the districts as determined according to subsection (2), each district will receive the same percentage of its deficiency. Surplus revenue in the second year of the biennium may be used to reduce the appropriation required for the next succeeding biennium or may be transferred to the state equalization aid earmarked revenue fund if revenues in that fund are insufficient to meet foundation program requirements."

Section 5. Section 20-9-501, MCA, is amended to read:

"20-9-501. Retirement fund. (1) The trustees of any district employing personnel who are members of the teachers' retirement system or the public employees' retirement system or who are covered by unemployment insurance or who are covered by any federal social security system requiring employer contributions shall establish a retirement fund for the purposes of budgeting and paying the employer's contributions to such systems. The district's contribution for each employee who is a member of the teachers' retirement system shall be calculated in accordance with Title 19, chapter 4, part 6. The district's contribution for each employee who is a member of the public employees' retirement system shall be calculated in accordance with 19-3-801. The district may levy a special tax to pay its contribution to the public employees' retirement system under the conditions prescribed in 19-3-204. The district's contributions for each employee covered by any federal social security system shall be paid in accordance with federal law and regulation. The district's contribution for each employee who is covered by unemployment insurance shall be paid in accordance with Title 39, chapter 51, part 11.

(2) The trustees of any district required to make a contribution to any such system shall include in the retirement fund of the preliminary budget the estimated amount of the employer's contribution and such additional moneys, within legal limitations, as they may wish to provide for the retirement fund cash reserve. After the final retirement fund budget has been adopted, the trustees shall pay the employer contributions to such systems in accordance with the financial administration provisions of this title.

(3) When the final retirement fund budget has been adopted, the county superintendent shall establish the levy requirement by:

(a) determining the sum of the moneys available to reduce the retirement fund levy requirement by adding:

(i) any anticipated moneys that may be realized in the retirement fund during the ensuing school fiscal year, including anticipated motor vehicle fees and reimbursement under the provisions of 61-3-532 and 61-3-536; and

(ii) any cash available for reappropriation as determined by subtracting the amount of the end-of-the-year cash balance earmarked as the retirement fund cash reserve for the ensuing school fiscal year by the trustees from the end-of-the-year cash balance in the retirement fund. The retirement fund cash reserve shall not be more than

35% of the final retirement fund budget for the ensuing school fiscal year and shall be used for the purpose of paying retirement fund warrants issued by the district under the final retirement fund budget.

(b) subtracting the total of the moneys available for reduction of the levy requirement as determined in subsection (3)(a) from the budgeted amount for expenditures in the final retirement fund budget.

(4) The county superintendent shall total the net retirement fund levy requirements separately for all elementary school districts, all high school districts, and all community college districts of the county, including any prorated joint district or special educational cooperative agreement levy requirements, and shall report each such levy requirement to the county commissioners on the second Monday of August as the respective county levy requirements for elementary district, high school district, and community college district retirement funds. The county commissioners shall fix and set such county levy in accordance with 20-9-142.

(5) The net retirement fund levy requirement for a joint elementary district or a joint high school district shall be prorated to each county in which a part of such district is located in the same proportion as the district ANB of the joint district is distributed by pupil residence in each such county. The county superintendents of the counties affected shall jointly determine the net retirement fund levy requirement for each county as provided in 20-9-151.

(6) The net retirement fund levy requirement for districts that are members of special educational cooperative agreements shall be prorated to each county in which such district is located in the same proportion as the budget for the special education cooperative agreement of the district bears to the total budget of the cooperative. The county superintendents of the counties affected shall jointly determine the net retirement fund levy requirement for each county in the same manner as provided in 20-9-151 and fix and levy the net retirement fund levy for each county in the same manner as provided in 20-9-152."

Section 6. Section 20-10-144, MCA, is amended to read:

"20-10-144. Computation of revenues and net tax levy requirements for the transportation fund budget. Before the fourth Monday of July and in accordance with 20-9-123, the county superintendent shall compute the revenue available to finance the transportation fund budget of each district. The county superintendent shall compute the revenue for each district on the following basis:

(1) The "schedule amount" of the preliminary budget expenditures that is derived from the rate schedules in 20-10-141 and 20-10-142 shall be determined by adding the following amounts:

(a) the sum of the maximum reimbursable expenditures for all approved school bus routes maintained by the district (to determine the maximum reimbursable expenditure, multiply the applicable rate per bus mile by the total number of miles to be traveled during the ensuing school fiscal year on each bus route approved by the county transportation committee and maintained by such district); plus

(b) the total of all individual transportation per diem reimbursement rates for such district as determined from the contracts submitted by the district multiplied by the number of pupil-instruction days scheduled for the ensuing school attendance year; plus

(c) any estimated costs for supervised home study or supervised correspondence study for the ensuing school fiscal year; plus

(d) the amount budgeted on the preliminary budget for the contingency amount permitted in 20-10-143, except if such amount exceeds 10% of the total of subsections (1)(a), (1)(b), and (1)(c) or \$100, whichever is larger, the contingency amount on the preliminary budget shall be reduced to such limitation amount and used in this determination of the schedule amount.

(2) The schedule amount determined in subsection (1) or the total preliminary transportation fund budget, whichever is smaller, shall be divided by 3 and the resulting one-third amount shall be used to determine the available state and county revenue to be budgeted on the following basis:

(a) the resulting one-third amount shall be the budgeted state transportation reimbursement, except that the state transportation reimbursement for the transportation of special education pupils under the provisions of 20-7-442 shall be two-thirds of the schedule amount attributed to the transportation of special education pupils;

(b) the resulting one-third amount, except as provided for joint elementary districts in subsection (2)(e), shall be the budgeted county transportation reimbursement for elementary districts and shall be financed by the basic county tax under the provisions of 20-9-334;

(c) the resulting one-third amount multiplied by 2 shall be the budgeted county transportation reimbursement amount for high school districts financed under the provisions of subsection (5) of this section, except as provided for joint high school districts in subsection (2)(e), and except that the county transportation reimbursement for the transportation of special education pupils under the provisions of 20-7-442 shall be one-third of the schedule amount attributed to the transportation of special education pupils;

(d) when the district has a sufficient amount of cash for reappropriation and other sources of district revenue, as determined in subsection (3), to reduce the total district obligation for financing to zero, any remaining amount of such district revenue and cash reappropriated shall be used to reduce the county financing obligation in subsections (2)(b) or (2)(c) and, if such county financing obligations are reduced to zero, to reduce the state financial obligation in subsection (2)(a); and

(e) the county revenue requirement for a joint district, after the application of any district moneys under subsection (2)(d) above, shall be prorated to each county incorporated by the joint district in the same proportion as the ANB of the joint district is distributed by pupil residence in each such county.

(3) The total of the moneys available for the reduction of property tax on the district for the transportation fund shall be determined by totaling:

(a) anticipated federal moneys received under the provisions of Title I of Public Law 81-874 or other anticipated federal moneys received in lieu of such federal act; plus

(b) anticipated payments from other districts for providing school bus transportation services for such district; plus

(c) anticipated payments from a parent or guardian for providing school bus transportation services for his child; plus

(d) anticipated interest to be earned by the investment of transportation fund cash in accordance with the provisions of 20-9-213(4); plus

(e) anticipated motor vehicle fees and reimbursement under the provisions of 61-3-532 and 61-3-536; plus

~~(e)~~(f) any other revenue anticipated by the trustees to be earned during the ensuing school fiscal year which may be used to finance the transportation fund; plus

~~(f)~~(g) any cash available for reappropriation as determined by subtracting the amount of the end-of-the-year cash balance earmarked as the transportation fund cash reserve for the ensuing school fiscal year by the trustees from the end-of-the-year cash balance in the transportation fund. Such cash reserve shall not be more than 20% of the final transportation fund budget for the ensuing school fiscal year and shall be for the purpose of paying transportation fund warrants issued by the district under the final transportation fund budget.

(4) The district levy requirement for each district's transportation fund shall be computed by:

(a) subtracting the schedule amount calculated in subsection (1) from the total preliminary transportation budget amount and, for an elementary district, adding such difference to the district obligation to finance one-third of the schedule amount as determined in subsection (2); and

(b) subtracting the amount of moneys available to reduce the property tax on the district, as determined in subsection (3), from the amount determined in subsection (4)(a) above.

(5) The county levy requirement for the financing of the county transportation reimbursement to high school districts shall be computed by adding all such requirements for all the high school districts of the county, including the county's obligation for reimbursements in joint high school districts.

(6) The transportation fund levy requirements determined in subsection (4) for each district and in subsection (5) for the county shall be reported to the county commissioners on the second Monday of August by the county superintendent as the transportation fund levy requirements for the district and for the county, and such levies shall be made by the county commissioners in accordance with 20-9-142.””

SPECIAL ORDERS OF THE DAY

House Memorial Service
Helena, Montana
April 17, 1983

The prelude was played by Ernie Neath, followed by the invocation given by Reverend Harper.

Reverend Lokensgard sang the "Lord's Prayer".

Representative Williams gave the following honorary tribute:

We gather here this afternoon in the atmosphere of a world, a nation and a state, evolving around a complex social system frustrated by the accomplishments of man's own ingenuity — and possibly — yes possibly, a system to be decimated by that same ingenuity — and not at the will of our creator.

And yes! Once upon a time, maybe in the future yet to be, there existed a social system ruled by a giant computer. This computer had been programmed so that it held in readiness all the facts humanity had ever learned. No person could contain such a vast store of knowledge. The people of that society called the computer "The General." They ran everything according to the General's instructions. The General had all the answers.

Until that day when a stranger walked in. He asked one short, simple question. Electronic circuits began to click, lights began to flash, and the General began a rapid examination of all its great store of facts. For several minutes the computer scanned and sorted. And finally, in high voltage frenzy, it simply disintegrated.

The stranger's question was, "Why?"

Facts don't always answer that one. Computers can't cope with it. What is the meaning of the facts? Why bother? Why study? Why work? Why spend our lives trying to make life good for other people?

And the answer is not one that computers would understand either. But people like the ones we honor today would understand it at least partly. The answer is, "Because." Because God gives us this life to live ... because His love requires an answering love from us ... because He made us like this, programmed for a life of loving service. It is our Creator who put within us the need and the desire to make our lives count in public service and community efforts. No other life style fits us.

These persons we honor today shared all the frailties and ignorance to which we human beings are heir, but they were true to God's creative urge within them to lay their lives on the line for service to their fellow human beings. We honor them today for being citizens instead of computers.

The memorials were presented. Following each presentation, Representatives J. Brown and Bergene lit a candle.

- (3) any felony in the commission of which a motor vehicle is used;
- (4) failure to stop and render aid as required under the laws of this state in the event of a motor vehicle accident resulting in the death or personal injury of another;
- (5) perjury or the making of a false affidavit or statement under oath to the division under this chapter or under any other law relating to the ownership or operation of motor vehicles;
- (6) conviction or forfeiture of bail not vacated, upon three charges of reckless driving committed within a period of 12 months."

Section 2. Section 61-5-208, MCA, is amended to read:

"61-5-208. Period of suspension or revocation. (1) The division may not suspend or revoke a driver's license or privilege to drive a motor vehicle on the public highways for a period of more than 1 year, except as permitted under 61-5-207, 61-5-212, 61-6-123, and 61-11-211.

(2) Any person whose license or privilege to drive a motor vehicle on the public highways has been suspended or revoked is not entitled to have such license or privilege renewed or restored unless the revocation was for a cause which has been removed, except that after the expiration of the period of such revocation or suspension, the person may make application for a new license as provided by law but the division may not then issue a new license unless and until it is satisfied after investigation of character, habits, and driving ability of the person that it is safe to grant the privilege of driving a motor vehicle on the public highways. When any person is convicted or forfeits bail or collateral not vacated for the offense of operating or being in actual physical control of a motor vehicle while under the influence of alcohol or a narcotic drug or knowingly or willingly under the influence of any other drug to a degree which renders him incapable of safely driving a motor vehicle, or a combination thereof, or for the offense of operation of a motor vehicle by a person with alcohol concentration of 0.10 or more, the division shall, upon receiving a report of such conviction or forfeiture of bail or collateral not vacated, suspend the license or driving privilege of the person for a period of 6 months. Upon receiving a report of a conviction or forfeiture of bail or collateral for a second, third, or

subsequent offense within 5 years of the first offense, the division shall revoke the license or driving privilege of the person for a period of 1 year.

(3) The period for all revocations made mandatory by 61-5-205 shall be 1 year except as provided in subsection (2) of this section.

(4) The period of revocation for any person convicted of any offense which makes mandatory the revocation of the operator's or chauffeur's license commences from date of conviction or forfeiture of bail."

Dear Senator Stephens and Representative Kemmis:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby return House Bill No. 747, "AN ACT CLARIFYING ADMINISTRATION AND REPORTING REQUIREMENTS RELATED TO THE PRIVILEGE TAX FOR POSSESSION OR BENEFICIAL USE BY A PRIVATE INDIVIDUAL, ASSOCIATION, OR CORPORATION OF PROPERTY WHICH FOR ANY REASON IS EXEMPT FROM TAXATION; PROVIDING EXEMPTIONS; AMENDING SECTIONS 15-23-101 AND 15-24-1203, MCA; AND PROVIDING AN APPLICABILITY DATE," without my signature and recommend that attached amendments for the following reasons.

House Bill No. 747, as passed, does not contain a severability clause. At the request of Representative Marks, I am proposing to include a severability into House Bill No. 747, in order to protect all valid parts of the bill, should a court for any reason hold that any part is invalid.

I urge your concurrence in this amendment.

Dear Senator Stephens and Representative Kemmis:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby return Senate Bill No. 159, "AN ACT TO REDUCE THE OIL SEVERANCE TAX TO 5 PERCENT BEGINNING APRIL 1, 1985; AMENDING SECTION 15-36-101, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND AN APPLICABILITY DATE," without my signature and recommend the attached amendments for the following reasons.

Senate Bill No. 159, as passed, reduces the oil severance tax to 5 percent beginning April 1, 1985. Because of the uncertainties surrounding state revenues, it is not prudent to enact a major tax change in the next biennium. House Bill No. 418 allocates one-third of the oil severance tax revenue to local governments. Local governments, as well as state government, will depend upon this revenue to provide essential services to citizens. The amendments I am proposing will allow the 1985 Legislature the flexibility to re-evaluate the tax reduction provided in Senate Bill No. 159.

I urge your concurrence in these amendments.

The Honorable Daniel Kemmis
Speaker of the House
State Capitol
Helena, Montana 59620

Dear Senator Stephens and Representative Kemmis:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby return Senate Bill No. 335, "AN ACT TO DISALLOW DEDUCTIONS RELATED TO EXCLUDED INTEREST INCOME FOR MONTANA CORPORATION LICENSE TAX PURPOSES; TO APPLY THE DISALLOWANCE OF DEDUCTION RETROACTIVELY TO ALL TAXABLE PERIODS DURING WHICH SUCH INCOME IS EXCLUDED FROM GROSS INCOME; PROHIBITING CONSOLIDATED RETURNS FOR FINANCIAL INSTITUTIONS UNDER THE CORPORATE LICENSE TAX; REAFFIRMING THE INCLUSION OF STATE AND LOCAL BOND INCOME IN THE DEFINITION OF NET INCOME FOR CORPORATION LICENSE TAX PURPOSES; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND APPLICABILITY DATES," without my signature and recommend the attached amendments for the following reasons.

Senate Bill No. 335, as passed, could result in virtually exempting banks and other financial institutions from state taxation. To exempt one type of business from taxation would create an unfair burden on all other taxpayers. Accordingly, I am returning Senate Bill No. 335 with amendments guaranteeing that banks and savings and loan associations pay a reasonable amount of taxes.

The need for Senate Bill No. 335 was judicially created. A recent Montana Supreme Court decision has created the potential for nearly \$9 million in tax refunds to banks and other financial institutions and a minimal tax burden for these businesses for future years. The state has petitioned the U.S. Supreme Court to review the case. A successful appeal to the Supreme Court would reestablish a firm legal basis for taxing financial institutions.

Unfortunately, Senate Bill No. 335, as passed, threatens to render moot the state's efforts to secure a hearing with the U.S. Supreme Court. Because of the immediate effective date and retroactive application of the tax formula in Section 1 of Senate Bill No. 335, the Court could decide not to hear the state's petition. After years of legal controversy concerning bank taxation, the state cannot afford to negate its own efforts to have the

controversy resolved by the U.S. Supreme Court. For this reason, I am recommending an amendment making the tax formula in Section 1 of the bill effective only when the state has exhausted all of its pending appeals concerning bank taxation.

The tax formula in this bill is itself subject to serious legal challenge; indeed, corporations have threatened suits against the formula as soon as the law becomes effective. If the tax formula were to be ruled invalid, then state and local governments would be left again with virtually no effective tax on banks and savings and loan associations. A contingent form of taxation should be established as "insurance" against successful legal challenges to the tax formula in Senate Bill No. 335.

I recommend that the "insurance" take the form of a financial institutions franchise tax measured by deposits. The tax would be effective if, and only if, the tax formula in Senate Bill No. 335 were ruled unconstitutional; if made effective, this tax would provide a stable and easy to administer method of taxing financial institutions.

The amendments I am proposing to Senate Bill No. 335 should assure that banks and other financial institutions will contribute a reasonable amount to the support of state and local governments in Montana. Without these amendments, the bill could result in the loss of the state's pending appeal to the U.S. Supreme Court and in the establishment of a nearly tax-free status for banks and other financial institutions.

I urge your concurrence in these amendments.

Insert: "NEW SECTION Section 4. Purpose. It is the intent of this act that every bank and savings and loan association doing business within the state as a corporation or association within the provisions of 15-31-101 shall annually pay to the state treasurer a financial institutions franchise tax for the privilege of conducting business in this state in corporate form. Since financial institutions possess proportionately greater amounts of intangible assets which are not subject to property tax compared to nonfinancial corporations, it is the intent of the Legislature to equalize overall tax burdens within the state, as well as the total tax burden between financial institutions and other corporations by enacting this tax.

NEW SECTION. Section 5. Definitions. As used in this part, the following definitions apply:

(1) (a) Except as provided in subsection (b), "total deposits" means the average total deposits for a taxable period of a bank or savings and loan association as reported to state or federal regulators on the consolidated report of condition in which are exhibited in detail and under appropriate schedules, the resources and liabilities of a bank or savings and loan association on those past days designated by the comptroller of currency of the United States for reports of national banking associations or for banks required to report to the department of commerce on those past days specified in 32-1-231.

(b) Total deposits include all demand deposits and time deposits, including but not limited to those deposits that are insured by the federal savings and loan insurance corporation and federal deposit insurance corporation, except deposits of the United States government or its agencies or for the state of Montana or its agencies or political subdivision.

(2) "Taxable period" means the taxable year for federal income tax purposes of the bank or savings and loan association.

NEW SECTION. Section 6. Tax imposed — rate — exceptions.

(1) There is imposed upon every bank and savings and loan association for each taxable period a financial institutions franchise tax at the rate of .09% of total deposits.

(2) When a bank or savings and loan association changes its taxable periods, it must promptly notify the department of revenue.

(3) To the extent that a bank or savings and loan association is a branch of a foreign bank or savings and loan association, this section applies only to the total deposits received by the Montana branch or operation.

(4) The rate of tax imposed under this section may not be less than 0.075% nor more than 0.125% of total deposits without approval of two-thirds of each house of the legislature.

NEW SECTION. Section 7. Incorporation by reference. The provisions of the following sections of this chapter are incorporated into this part by reference and are made a part hereof: sections 15-31-101, 15-31-102, 15-31-111, 15-31-123, 15-31-142, 15-31-143, 15-31-501 through 15-31-509, 15-31-521 through 15-31-544, and 15-31-551 through 15-31-554, except that wherever the words "tax", "license tax", "license fee", "corporation excise tax", or like words appear, referring to the tax imposed under part 1 of this chapter, there shall be substituted the words "financial institutions franchise tax", and except that wherever the words "net income", "taxable income", "taxable net income", or like words appear, referring to the basis against which the measure of the license tax computation is made, there shall be substituted the words "total deposits".

Section 8. Section 15-31-101, MCA, is amended to read:

"15-31-101. Organizations subject to tax. (1) The term "corporation" includes associations, joint-stock companies, common-law trusts and business trusts which do business in an organized capacity, and all other corporations whether created, organized, or existing under and pursuant to the laws, agreements, or declarations of trust of any state, country, or the United States.

(2) The terms “engaged in business” and “doing business” both mean actively engaging in any transaction for the purpose of financial or pecuniary gain or profit.

(3) Every corporation, except as hereinafter provided and except as provided in 33-2-705(6), engaged in business in the state of Montana shall annually pay to the state treasurer as a license fee for the privilege of carrying on business in this state such percentage or percentages of its total net income for the preceding taxable year at the rate hereinafter set forth. In the case of corporations having income from business activity which is taxable both within and without this state, the license fee shall be measured by the net income derived from or attributable to Montana sources as determined under part 3.

This tax is due and payable on the 15th day of the 5th month following the close of the taxable year of the corporation; however, the tax becomes a lien as provided in this chapter on the last day of the taxable year in which the income was earned and is for the privilege of carrying on business in this state for the taxable year in which the income was earned.

(4) Every bank organized under the laws of the state of Montana, of any other state, or of the United States and every savings and loan association organized under the laws of this state or of the United States is subject to the Montana ~~corporation license~~ financial institutions franchise tax provided for under this chapter in lieu of the corporate license tax. For taxable years beginning on and after January 1, 1972, this subsection is effective in accordance with Public Law 91-156, section 2 (12 U.S.C. 548).”

NEW SECTION. Section 9. Disposition of revenue. The revenue collected from the tax imposed by this part must be disbursed in accordance with 15-31-701 and 15-31-702.

Section 10. Section 15-31-701, MCA, is amended to read:

“15-31-701. Department of revenue — special duties for transmitting ~~corporation license~~ financial institutions franchise tax revenues collected from banks or savings and loan associations to counties. (1) Within 30 days after receiving ~~corporation license~~ financial institutions franchise tax returns and payments from banks or savings and loan associations, the department of revenue shall transmit to the county treasurer of the county in which the business is located the revenues calculated under 15-31-702(1)(b).

(2) If the department of revenue determines, under the provisions of 15-31-503 and 15-31-531, that a bank or savings and loan association owes more taxes than shown on the original return or has paid more than the tax, penalty, or interest due in any year, it shall notify the bank or savings and loan association. Additional payment is due within 10 days after receipt of the final determination of taxes due. County treasurers shall issue warrants for their portion of the overpayment received and interest, as provided in 15-31-531.

(3) The department shall continue to exercise all its duties and powers outlined in this title with respect to auditing returns and enforcing payment of the ~~corporation license~~ financial institutions franchise taxes owed by banks and savings and loan associations. Any delinquent taxes collected from the sale of property of a bank or savings and loan association under the provisions of 15-31-525

shall be transmitted to the county in which the corporation owing the delinquent taxes is located. The only duties of the county treasurers in this regard are issuing refunds and distributing the taxes to local taxing jurisdictions."

Section 11. Section 15-31-702, MCA, is amended to read:

"15-31-702. Distribution of ~~corporation license~~ financial institutions franchise taxes collected from banks or savings and loan associations. (1) All ~~corporation license~~ financial institutions franchise taxes collected from banks and savings and loan associations shall be distributed in the following manner:

(a) 20% must be remitted to the state treasurer to be allocated as provided in 15-1-501(2); and

(b) 80% must be allocated to the various taxing jurisdictions within the county in which the bank or savings and loan association is located.

(2) The ~~corporation license~~ financial institutions franchise taxes distributed under subsection (1)(b) shall be allocated to each taxing jurisdiction in the proportion that its mill levy for that fiscal year bears to the total mill levy of the taxing authorities of the district in which the bank or savings and loan association is located.

(3) "Taxing jurisdictions" means, for the purposes of this section, all taxing authorities within a county permitted under state law to levy mills against the taxable value of property in the taxing district in which the bank or savings and loan association is located.

(4) If a return filed by a bank or savings and loan association involves branches or offices in more than one taxing jurisdiction, the department of revenue shall provide a method by rule for equitable distribution among those taxing jurisdictions.""

If section 1 becomes effective it applies retroactively, within the meaning of 1-2-109, to taxable periods beginning on and after December 31, 1978 (the effective date of Chapter 634, Laws of 1979), for which a corporation has excluded interest income based upon federal law or for which a corporation has included interest income and subsequently claims a refund of taxes paid based upon federal law.

(1) There is an eight-member, equally bipartisan legislative management committee that consists of the president and minority leader of the senate, the speaker and minority leader of the house of representatives, and either the chairman or vice-chairman of the legislative council, finance committee, audit committee, and environmental quality council. The four legislative leadership members shall appoint representatives from the legislative council, finance committee, audit committee, and environmental quality council in a manner which will preserve the partisan balance.

(2) As used in this chapter, unless the context indicates otherwise, "committee" means the legislative management committee.

NEW SECTION. Section 2. Term. Membership on the committee is for 2 years and terminates with the appointment of a new committee or on the last legislative day of the next regular session following the one in which the appointment was made, whichever occurs first. A new committee must be appointed no later than the last day of each regular session.

NEW SECTION. Section 3. Vacancies. A vacancy on the committee occurring when the legislature is not in session must be filled by the selection of another member by the same method as the original appointment.

NEW SECTION. Section 4. Officers — rules of procedure — records — staff support. (1) The committee shall organize immediately following appointment by electing one of its members as its chairman and by electing such other officers from among its membership as the members consider desirable.

(2) The committee may adopt rules of procedure and rules to carry out the purpose for which it is created and may make all arrangements for its meetings. The committee shall keep accurate records of its activities and proceedings.

(3) The legislative council, audit committee, finance committee, and environmental quality council shall cooperate with and assist the committee in performing its duties. The legislative council shall provide clerical support.

NEW SECTION. Section 5. Powers and duties of committee. (1) The committee may appoint appropriate bipartisan subcommittees of legislators to address questions of statewide importance arising when the legislature is not in session or to perform such other functions as the committee considers necessary.

(2) The committee shall develop the budget requests for all legislative support agencies in consultation with those agencies and shall establish uniform personnel management policies, staffing levels, and compensation for all legislative branch employees.

(3) The committee may employ the services of any research or consulting agency that it considers necessary in the discharge of its duties.

(4) The committee shall develop plans or recommendations considered appropriate by the committee for improving coordination, efficiency, and effectiveness of the legislature and its staff services.

- (3) a salary equal to one full day's pay at the rate of a classified state employee, described in 5-2-301 for each 24-hour period of time (from midnight to midnight), or portion thereof, spent away from home on authorized committee business. However, if time spent for business other than authorized committee business results in lengthening a legislator's stay away from home into an additional 24-hour period, he may not be compensated for the additional day.”

Section 7. Section 5-11-105, MCA, is amended to read:

“5-11-105. Powers and duties of council. ~~(1) If a question of statewide importance arises when the legislature is not in session and a subcommittee has not been appointed to consider the question, the legislative council shall assign the question to an appropriate subcommittee.~~

MESSAGES FROM THE GOVERNOR

The Honorable Stan Stephens

President of the Senate

State Capitol

Helena, Montana 59620

April 21, 1983

The Honorable Daniel Kemmis

Speaker of the House

State Capitol

Helena, Montana 59620

Dear Senator Stephens and Representative Kemmis:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby return Senate Bill No. 317, "AN ACT REESTABLISHING THE BOARD OF HAIL INSURANCE UNDER EXISTING STATUTORY AUTHORITY AND RULES; REVISING PROVISIONS RELATING TO THE BOARD AND TO THE HAIL INSURANCE PROGRAM; EXCLUDING CROP HAIL INSURANCE ADJUSTMENT FROM CERTAIN EMPLOYMENT LAWS; REMOVING RATE LIMITS; AMENDING SECTIONS 2-8-103, 2-15-3003, 39-3-406, 39-51-204, 80-2-201, 80-2-204, 80-2-221, 80-2-222, 80-2-224, 80-2-228, 80-2-232, AND 80-2-241 THROUGH 80-2-244, MCA;

AND PROVIDING AN IMMEDIATE EFFECTIVE DATE," without my signature and recommend the attached amendments for the following reasons.

Senate Bill No. 317, as passed, conflicts with provisions of federal unemployment insurance statutes. 26 USCA Sections 3301 through 3311 (Federal Unemployment Tax Act), requires that all state employees, except elected officials, be covered by unemployment insurance. Senate Bill No. 317 excludes hail insurance adjusters from unemployment insurance. This conflict creates a compliance problem with federal law which may jeopardize approximately \$4 million dollars of federal funds paid to the state to administer unemployment insurance.

The amendments I am proposing will remove this conflict and protect those funds.

I urge your concurrence in these amendments.

The four legislative leadership members shall appoint representatives from the legislative council, finance committee, audit committee, and environmental quality council in a manner which will preserve the partisan balance.

NEW SECTION. Section 2. Term. Membership on the committee is for 2 years and terminates with the appointment of a new committee or on the last legislative day of the next regular session following the one in which the appointment was made, whichever occurs first. A new committee must be appointed no later than the last day of each regular session.

NEW SECTION. Section 3. Vacancies. A vacancy on the committee occurring when the legislature is not in session must be filled by the selection of another member by the same method as the original appointment.

NEW SECTION. Section 4. Officers — rules of procedure — records — staff support. (1) The committee shall organize immediately following appointment by electing one of its members as its chairman and by electing such other officers from among its membership as the members consider desirable.

(2) The committee may adopt rules of procedure and rules to carry out the purpose for which it is created and may make all arrangements for its meetings. The committee shall keep accurate records of its activities and proceedings.

(3) The legislative council, audit committee, finance committee, and environmental quality council shall cooperate with and assist the committee in performing its duties. The legislative council shall provide clerical support.

NEW SECTION. Section 5. Powers and duties of committee. (1) The committee may appoint appropriate bipartisan subcommittees of legislators to address questions of statewide importance arising when the legislature is not in session or to perform such other functions as the committee considers necessary.

(2) The committee shall develop the budget requests for all legislative support agencies in consultation with those agencies and shall establish uniform personnel management policies, staffing levels, and compensation for all legislative branch agencies.

(2) expenses as provided in 2-18-501 and 2-18-502; and

(3) a salary equal to one full day's pay at the rate of a classified state employee, described in 5-2-301 for each 24-hour period of time (from midnight to midnight), or portion thereof, spent away from home on authorized committee business. However, if time spent for business other than authorized committee business results in lengthening a legislator's stay away from home into an additional 24-hour period, he may not be compensated for the additional day."

Section 7. Section 5-11-105, MCA, is amended to read:

"5-11-105. Powers and duties of council. ~~(1) If a question of statewide importance arises when the legislature is not in session and a subcommittee has not been appointed to consider the question, the legislative council shall assign the question to an appropriate subcommittee.~~

~~(3)(2)~~ The legislative council shall assist in the preparation and submission of all standing and select committee and subcommittee reports and recommendations to the legislature.

Section 8. Section 5-11-111, MCA, is amended to read:

"5-11-111. Executive director, personnel, and consultants.
